

Science and Engineering Applications

Scientist:

Date:

” MICROSCOPIC
STRUCTURES I WILL
EXAMINE ”

WHAT DO I PREDICT I WILL
SEE?

MY SLIDE PREPARATION STEPS

DRAW YOUR OBSERVATION!

WHAT WAS THE SHAPE OF THE
CELLS?

What does your coverslip look
like?

What could you see inside the cells?

Why do you think it is important to examine different samples?

If you designed a tool similar to a microscope, what would it be like?
