SOURCE	WHAT DO YOU USE IT FOR?	HOW CAN YOU PROTECT IT?

Choose one of the natural resources and complete the questions in the table about the resource you selected!

Give It a New Life!

My Recycling Design

My idea's name:

Materials:

++
Choose a waste material you use at home (for example: a yogurt container, toilet paper roll, plastic bottle). Imagine what you could turn this material into instead of ++ throwing it away.

What did I turn it into?

Describe or draw your design!

Write a short, catchy slogan that explains the importance of recycling!
